South Bay Chapter Meeting

8:00am: Networking & Breakfast

8:30am-10:30am: Meeting & Tour

[Click here to register.](#)

Both members and non-members must register to attend.

This tour is limited to 20 attendees. Until March 27 A&D Members have exclusive access to signing up. A wait list will be maintained.

Registration closes at 11:30pm on Friday, April 7.

Non-US citizens are welcome.

Registration Fees:

- Free - A&D Forum member (exclusive access until March 27)
- \$30 - Non-member Early Bird (after March 27 until April 3)
- \$40 - Non-member (after April 3 until April 7)

You will receive multiple invitations, regardless of whether you have already registered. Please do not register more than once!

See meeting logistics information below.

Invitation to be a Breakfast Sponsor

If you sell to the aerospace and defense industry, you are invited to be a Breakfast Sponsor. For the cost of one breakfast (a few hundred dollars) your logo will be on the meeting invitations sent to over 100 members and you have the opportunity to present to the attendees at a South Bay Chapter meeting.

Please contact [Ivan Rosenberg](#) to register for a meeting date.

9:30am-10:30am: Meeting & Tour

[Morf3D, Inc.](#)

Located in the heart of El Segundo CA., Morf3D is a provider of end-to-end Additive Manufacturing solutions in R&D, Engineering, and Additive Manufacturing. Their suite of services and strategic partnerships allows them to provide options to significantly reduce capital investments in additive technology, engineering, and staff dedicated to the advancement of AM.

Morf3D believes that Additive Manufacturing is forever going to change the landscape of how we design, what we make, when we make it, and where it is produced, all of which require us to alter the way we think! Morf3D has the Additive Smarts to help you envision the possibilities, evolve your engineering and R&D, and emerge with a solid plan to enlist additive manufacturing to boost profits and lead in your industry.

Their collaborative and hands on approach at their R&D Innovation Center is central to education ultimately accelerating the adoption of Additive Manufacturing.

Host

Ivan Madera is an accomplished executive, business transformation consultant, and entrepreneur in industrial and non-profit business environments. His work history spans enterprise founder and executive leadership roles in multi-million dollar large scale transformational programs, and

charitable human services organizations.

Having chosen Additive Manufacturing as a next horizon, Ivan founded Morf3D and is undertaking a leadership role supporting the Aerospace industry with an epochal transformation in engineering design and manufacturing technology. The enterprise is founded upon bringing a full scope of engineering design, development and manufacturing services to his clients, as they transition from a historical design-for-manufacturing age, to a digital and design-for-function innovation age.

The core values and skills underlying his management style and accomplishments include strategic visioning, talent development and motivation, leading teams and leading leaders in complex endeavors, and practical organization for operational, market and financial achievement. He has a keen ability to convey complex ideas in beautifully simple ways. He excels at laying out a vision, then coordinating the plan and team to achieve it efficiently, purposefully and successfully.

Ivan is a passionate believer in Creatio Ex Nihilo- creation out of nothing, transforming possibilities into reality. His personal statement by which he is driven reflects the true nature of what motivates him. "Coming forth from nothing, anything is possible"
