## [Tour of Cicoil](#)

Presenter:

Nick Salgado  
General Manager  
Cicoil Corporation

Cicoil is the pioneer of flat cable and remains a leader in engineered cable and cable assemblies. We provide innovative solutions for difficult applications to many industries including Defense, Aerospace, Medical, Semiconductor & Robotics, and Commercial.

We started in Chatsworth in 1956, focusing primarily on the computer and space industries where we made life much easier replacing round cables with flat cables. In 1986 we relocated to Valencia. Now a member of Trexon, we continue innovation and production of all our products in our new 40,000 square foot facility.

We are pleased to invite you see our facility, meet our people and get a close look at some of our products.

---

company, industry, and a 5 word "elevator speech". We encourage you to be creative!

Feel free to pass this invitation on to others you think would be interested.
